Policy

The following policy and procedure ensure that Britts College Pty Ltd processes request for students to transfer from or to other training providers in accordance with 'Standard 7 – Overseas Student Transfers' of the 'National Code of Practice for Providers of Education & Training to Overseas Students 2018'.

Britts College Pty Ltd is restricted from enrolling transferring students prior to a student completing 6 months of their principal course of study. This means Britts College Pty Ltd will not knowingly enrol an overseas student transferring to Britts College Pty Ltd from another education provider, who has not completed at least 6 months of their principal course without meeting specified criteria outlined in the ESOS National Code. However, there are some exemptions applied which are discussed in the procedure below.

This policy details the procedures for assessing applications to transfer within this 6-month period.

The procedures outlined below will ensure that it does not enrol any transferring international student prior to the 6 months of their principal course being completed unless the previous education provider has recorded releasing information on PRISMS.

Students who have studied longer than this period of 6 months can apply as normal. These students are not required to obtain the release information on PRISMS. The relevant information is provided through PRISMS where the releasing provider records this information. The following procedures have been separated into 'Incoming students' and 'Outgoing students.'

Procedure

Any requests that are received in relation to a student willing to transfer education providers shall be the responsibility of the Administration Manager. The Administration Manager shall assess the applications to transfer education providers and conclude an outcome based on the following procedure.

Requests to transfer to Britts College Pty Ltd from another Training Provider

The following procedure is relevant to any student who applies for a course within Britts College Pty Ltd and is currently studying onshore with another registered provider.

For this procedure to be completed the applicant must provide a copy of their passport (along with original passport to certify the copy) to look up PRISMS. Once this information is obtained the following steps are taken:

- i. Administration Manager accesses the student information via documents provided by student along with a copy of his/her passport. The current student visa can be verified by Visa Entitlement Verification Online (VEVO). They are to ascertain if the length of studies completed in their current Principal course of study is greater than 6 months.
- ii. If they have completed more than 6 months of their principal course of study, the application process proceeds as normal as for all students.
- iii. Where a student has NOT completed 6 months of their principal course of study, the relevant information is checked where the previous provider has recorded releasing information on PRISMS.
- iv. If no releasing information is found, Britts College Pty Ltd will not enrol the student, who have not completed 6 months of their principal course of study.

- v. If student release is found and the student has no outstanding matters of concern, the application proceeds as normal as for all applicants.
- vi. If no satisfactory information is obtained from PRISMS regarding such applicant, the application will not be processed, and the student would be informed that they are unable to transfer at this time.

Britts College Pty Ltd will not knowingly enrol an overseas student transferring to Britts College Pty Ltd from another education provider, who has not completed at least 6 months of their principal course, except where any of the following applies:

- Releasing education provider, or the course in which the overseas student is enrolled, has ceased to be registered;
- Releasing education provider has had a sanction imposed on its registration by the ESOS agency that prevents the overseas student from continuing his or her course at that registered provider;
- Releasing education provider has agreed to the overseas student's release and recorded the date of effect and reason for release in prisms;
- Any government sponsor of the overseas student considers the change to be in the overseas student's best interests and has provided written support for the change.

***Note** that in the very rare circumstances where the original institution or course has ceased to be registered, or sanctions have been placed on the original institution by the Australian government which do not allow the student to continue with the course, Britts College Pty Ltd will not consider 'release' information on PRISMS. Evidence of this occurrence would be placed in the student file.*
